

On Property at "Tapiola"
Friday 12th December - 9.00am

How can technology get you the results you want?

Use NIRS to:

- **assess** pasture quality
- **identify** what your cattle are lacking
- **save money** on supplements and better address nutritional deficiencies.

Use Ultrasound Scanning

- to **assess** fat coverage and meet market requirements
- **better manage** breeding and AI programs.

Join us at "Tapiola" to see how technology
can work for you.

"Tapiola" - Russian Club Road, Thangool

Smoko provided - BYO Lunch

RSVP 5/12/14
