

## For busy graziers!

- Identify and explore your enterprise's strengths and weaknesses
- Get the latest on information and legislation to help run a successful grazing business
- Get technical advice to help give you that extra edge
- This is a rare opportunity to benchmark your management practices against whole of industry
- No cost to producers – funded by the Queensland Government's Building Drought Resilience Project & OBE Organic
- Complete all 5 Grazing BMP modules in one manageable block over one and a half days

### Modules

Grazing land  
management

People and  
business

Animal health  
and welfare

Animal  
production

Soil Health

### PLUS:

- Update on new Bovine Johnes Disease regulations including interstate transport and export (DAF)
- Insight into assessing pasture and vegetation changes (DCQ)

Free of charge. Lunch and smokos provided.
