# **Grazing fundamentals EDGE**

## Brisbane, Qld: Wednesday, 6<sup>th</sup> February 2019

### VENUE Williams Room, George Williams Hotel, 317 - 325 George St, Brisbane TIME 8:30am till 4:30pm

GRAZING FUNDAMENTALS EDGE IS A WORKSHOP DESIGNED TO GIVE YOU A BROAD UNDERSTANDING OF THE COMPONENTS OF THE GRAZING PRODUCTION SYSTEM AND THE CORE, SCIENTIFICALLY-BACKED PRINCIPLES BEHIND OPTIMISING GRAZING LAND PRODUCTIVITY.

#### What you will learn:

- environmental regulators of pasture growth & quality
- seasonal pasture growth patterns & key decision dates
- how soil properties influence pasture growth
- how grazing affects pasture plants, their productivity and growth
- how to assess land condition and how this impacts on carrying capacity
- know when and how to use pasture spelling
- principles behind successful grazing systems
- how to account for different classes of animals when assessing grazing pressure
- what's involved with forage budgeting and calculating carrying capacity

#### **Deliverers:**

- Jill Alexander Applied Ag
- Col Paton Ecorich Grazing

#### For more information or to book please contact:

Jill Alexander, Applied Ag M: 0427 764 897 E: jillalexander@bigpond.com Attending this workshop will help you to:

- understand what conditions drive pasture growth and how you can use strategic grazing management to improve pasture productivity
- evaluate the productive potential of a property and identify opportunities for improvement
- better align herd management with seasonal changes in pasture condition
- understand key considerations when designing paddock and property layout

#### Price: \$825 incl GST

Cost includes workshop, a comprehensive set of workshop notes, workbook and all catering.
