

# Grazing land management EDGE

## Rockhampton, Qld: 6-8 March 2019

**VENUE** QDAF Rockhampton Conference Centre, 25 Yeppoon Rd, Parkhurst  
**TIME** 8.30am to 5.00pm

**Grazing land management (GLM) EDGE is a three-day workshop to give you a thorough understanding of the grazing land environment in which you operate – it will provide you with knowledge to strategically manage your grazing business, so you can optimise your land condition and productivity in the long term.**

### Attending this workshop will help you to:

- understand how your land types influence productivity
- recognise the dominant land types in your region and on your property
- understand how soil properties influence plant growth
- understand soil health and the factors that impact on it
- know what land condition is, how it's assessed, and how to manage livestock to maintain or achieve good condition
- understand the role of fire in your country
- understand the role of sown pastures in grazing enterprises
- understand the principles and planning steps for successfully managing weeds

### Prices (exclusive of GST):

\$1,750 + GST / 1 person from a business

\$1,450 + GST / Two or more people from same business

Cost includes comprehensive set of workshop notes, workbook, lunch, morning and afternoon tea.

*Producers meeting eligibility criteria may claim the FBA Training Reimbursement Program which covers 70% of the total course cost, capped at \$700 per financial year.*

### What you will learn:

- selective grazing, its function, and how to reduce impacts
- how to identify key plant species
- the ecosystem processes that underpin productivity
- basic principles of effective grazing systems
- how to assess long term carrying capacity of paddocks and properties
- forage budgeting to manage variation in pasture on offer
- how to choose appropriate tools and strategies to improve land condition and carrying capacities
