

Are you interested in Carbon Farming through Qld Land Restoration Fund program?

- Learn what steps to take to start your own Carbon Farming Project
- Hear some basics about Carbon, Carbon Farming and the benefits of Carbon Farming
- Talk to others also considering starting a Carbon Farming Project with the Land Restoration Fund

NRM Regions Queensland has partnered with the Queensland Government to deliver a series of workshops across Queensland to help landholders apply for the Queensland Government's Land Restoration Fund (the Fund). The 2020 Investment Round of the Fund will invest \$100 million in projects that deliver carbon farming with co-benefits.

Dates & Time: February 10th and 12th from 8:30am - 4:00pm (afternoon refreshments to follow)

Locations:

Biloela - Hotel Settlers, 58 Dawson Hwy, Biloela QLD 4715

Emerald - Maraboon Tavern, Corner Hospital Road and Esmond St, Emerald QLD 4720

At the workshops, specialists from government, industry and the carbon farming sector (CSIROs LOOC-C carbon calculator tool, Farm Map 4D, QRIDA, Carbon Market Institute, your local NRM staff and Carbon Project Developers) will explain the application process and provide information on the first investment round so attendees can start putting together applications for carbon farming projects in Queensland.

Guest speakers and presenters will be available to speak one-on-one to attendees after each workshop.

Workshops are set to be held in regional locations on these dates:

Date	Location and hosting NRM
3 rd February 2020	Warwick (South Qld Landscapes)
5 th February 2020	Roma (South Qld Landscapes)
7 th February 2020	Gympie (Burnett Mary Regional Group)
10 th February 2020	Biloela (Fitzroy Basin Association Inc.)
12 th February 2020	Emerald (Fitzroy Basin Association Inc.)
24 th February 2020	Charters Towers (NQ Dry Tropics NRM)
24 th February 2020	Longreach (DCQ)
26 th February 2020	Mt Surprise (Northern Gulf NRM)
28 th February 2020	Kilcoy (Healthy Land & Water)

About the Land Restoration Fund

The fund:

- aims to expand carbon farming in the state by supporting land-sector projects that deliver additional environmental, social and economic co-benefits.
- empower farmers, land managers and landholders with the support needed to generate additional, regular and diverse income streams and protect their business in tough times, through carbon farming projects

Keep in touch with your local NRM Group for further information.

NRM Regions is delivering these workshops in partnership with the Land Restoration Fund, supported by the Queensland Government
