

## GRAEME SAIT

### 2 DAY NUTRITION FARMING WORKSHOP

**CQLA and DCCA** (Dawson Catchment Coordinating Association) present this two-day seminar/workshop featuring a world leader in high production, regenerative agriculture. This information-packed workshop will focus upon practical, problem-solving strategies to boost productivity and profitability, sustainably.

**Graeme Sait**, is an acclaimed speaker, and host of the popular Nutrition Farming Podcast. Graeme is the author of hundreds of articles and two books. He has trained over 40,000 farmers and consultants on four continents and often consults at Government level, as part of his contribution to the regenerative revolution.

Limited spaces available!

Please book by 16th October to:

Alicia Retschlag
