

In partnership with the Fitzroy Basin Association, RCS is pleased to present the

Trees in Grazing Webinar

Monday 12 June 2023

12:00pm – 1:30pm

This webinar follows on from the recent Field Day at Moora Plains, Gogango, will focus on:

- **How to increase carrying capacity and improve production with native trees**
- **Understand how landscape ecology and native trees provide an important function to promote productive, stable and resilient paddocks in the Fitzroy.**

This webinar includes presentations from CQ botanist Steve Elson; RCS Teacher, Advisor, and Coach Henry Hinds; and Regenerative producers Andrew and Meagan Lawrie.

TOPICS

- The role of trees in landscape and benefits to production systems
- How to manage a healthy balance between grass and trees
- Co-benefits of restoring biodiversity
- An opportunity to ask questions and discuss your own situation
- Practical steps toward incorporating trees on-farm
- Resources available to support decision making and implementation
- Principles and key learnings from the Trees in Grazing Field Day
