**Queensland Agricultural Training Colleges has a tradition of excellence in training to rural and regional industries throughout Queensland.**

Delivering skill sets and accredited training to the rural and regional communities in which we live and work.

# Enrol anytime!

## Fast-track your success with a QATC agribusiness workshop.

The AHCSS00025 Farm Business Management Skill Set involves completion of four competencies, for which you will receive a Statement of Attainment:

**AHCBUS403A Support and review business structures and relationships**

Research and identify appropriate bodies and sources of information, select an appropriate business structure, establish roles and expectations for family positions in a rural business, negotiate and resolve disputes, and manage stress.

**AHCBUS506A Develop and review a business plan**

Set strategic goals and directions for the enterprise, determine measurable indicators of operational performance, identify and design risk management strategies, develop operational plans, and monitor the business plan to identify strengths and weaknesses.

**AHCBUS507A Monitor and review business performance**

Gather and analyse data relating performance, review operations to determine effectiveness, identify resources to assess capacity, develop realistic performance indicators, review operations against performance indicators, and plan to improve business performance.

**BSBRK501B Manage risk**

Manage risks in a range of contexts across the organisation or for a specific business unit or area.

### 2017 workshops
