

GRAZING **BMP**

BEST MANAGEMENT PRACTICES

Accelerated program

Designed with busy graziers in mind!

This is your opportunity to complete all five Grazing BMP modules in one manageable block of time. Over two consecutive days, you will have access to a range of guest speakers to take stock of how your grazing enterprise compares to others in the state. Put your business on the right track and get up to speed on information and legislation required to operate a successful grazing business today.

Modules

Animal production

Animal health and welfare

Soil Health

Grazing land management

People and business

Book now to take advantage of the knowledge, networking, benchmarking and guest speakers scheduled over two jam-packed days. Spaces will fill fast.

Free of charge. 8:30 to 5pm each day. Morning tea and lunch provided.

Dates and Location

Tues 19th and Wed 20th Sept 2017
DAF Complex – Building C
25 Yeppoon Road, Parkhurst

Please RSVP by 8th Sept 2017 to:

Mark Schulz, Capricornia Catchments
07 4921 0573 or 0428 123 527
MSchulz@capcatchments.org.au

Presenters

Matt Brown, DAF - Will explain the important aspects of grazing land management and herd management including soils, land condition, genetics, nutrition, reproduction, and husbandry.

Katie Crozier, FBA - Will talk about understanding and improving the numbers in your beef business as well as resource management and record keeping.

Carly Johnstone, DAF - Will talk about integral parts of the beef business including workplace health and safety and animal health and welfare.
