

FREE DIGITAL MAPPING WORKSHOPS

Are you negotiating with a Coal Seam Gas (CSG) or mining company? AgForce Projects can help.

Our team will be delivering Digital Mapping workshops in your area and providing information on the latest developments regarding the resource industry. With new tenures being granted and future activities planned in your area, these workshops provide an opportunity to develop or fine tune your property map for any land access negotiations.

Workshops are provided free to all landholders.

Registrations are essential.

Roma, Tuesday 5 December, 8.45am - 4pm
Taroom, Wednesday 6 December, 8.45am - 4pm
Miles, Thursday 7 December, 8.45am - 4pm

About the workshop:

- Use the latest version of Phoenix Mapping and take home a demonstration licence.
- Learn the basics of property computer mapping and build a base level property map.
- Draw your property infrastructure e.g. paddocks, fences and water points.
- Link a handheld GPS to download and upload property information.
- See how using your property computer map can assist with property management.
- Use your property computer map to assist with resource company negotiations e.g. learn the skills and technology to plan and develop a property computer map to help you demonstrate to a CSG or mining company where and when it can conduct activities.
