

the war on pests is
a 24/7 fight - your
help is needed

DRY TROPICS PEST ADVISORY FORUM

9:30am to 4pm Wednesday 28 March
Collinsville Community Centre

- Find out about **third party property access** obligations and biosecurity implications
- Get **updates on avenues for support and advice** on weed management
- Learn about the **role of grazing land management in managing weeds** on your property
- **Share your experiences** with other locals
- Find out about **priority weeds** in your area
- See **field demonstrations** of spray equipment, PPE and wash down equipment
- Listen to **talks by commercial operators, industry and landholders**
- Discussion on **on-farm wash down bay designs** and low cost options available

Morning—Presentations in the hall
Afternoon—Field demonstrations,
including wash down facilities

Don't miss this FREE event! Lunch and refreshments provided. RSVP by 16 March to:
