

Productive & Persistent Legume Pastures

Best management practice for legumes

8:30am—5:00pm

Wednesday 12 September, Glenden

(Glenden Recreation Centre, Ewan Drive, Glenden)

FREE WORKSHOP! Limited spaces available. Smoko and lunch provided.

Learn about the latest legume research for sown pastures

Reliable techniques to successfully establish legumes into existing sown pastures.

How to select the right legume for your situation.

Tips for managing legume-grass pastures for long term productivity.

Develop a legume establishment action plan

DAF's team of highly experienced sown pasture agronomists have been researching how to assist graziers increase animal production through reliable legume establishment into sown pastures.

There will be an opportunity for producers to be involved in on-farm legume establishment demonstrations post workshop. Expressions of interest will be taken during the workshop and producers who participate will receive technical support for a new sowing.

RSVP by 5:00 pm Friday 7 September 2018

RSVP essential. Please contact:
