RSVP: Friday 9 November, 2018

Attending this workshop will help you to:

- understand how you can use strategic grazing management to improve pasture productivity
- evaluate the productive potential of your property and identify opportunities for improvement
- better align herd management with seasonal changes in pasture condition

Price:

\$200pp + GST: One person from a business

(Normally \$750pp + GST)

\$150pp + GST: Two or more people from the same business (Normally \$500 + GST)

Discounted prices are possible thanks to generous support from DAF's *GrazingFutures* project.

GrazingFutures: promoting a resilient grazing industry
