Vivian Finlay on 07 4761 5156
or vivian.finlay@daf.qld.gov.au

Tuesday 2 April – Soldiers Memorial Hall,
Gilmore Street, Pentland

9:00 am – 1:00 pm NO COST

Are you holding stock that will not reach target
markets with the feed remaining?

This workshop will help to answer these
questions:

- Is it economically smarter to sell today or
production feed to reach target markets?
- How can you assess cost effective
supplementation for maintenance?
- Will your grass last?

The feed or sell team from DAF:

Tim Moravek & Vivian Finlay Tim and Vivian are agricultural economists who have been
working with graziers to assess the impact of management strategies on business
performance.

Jim Fletcher is a beef extension officer with extensive experience in cattle management,
genetics and herd performance.
