

Focus on Food and Fibre 2019 Conference

St George Cultural Centre. 2nd August 2019

8:30 am - 5:00 pm*

**\$10 to attend, all meals are provided
Social Gathering following session close*

The **Focus on Food and Fibre Conference** is an opportunity to showcase opportunities for the agricultural business industries relative to this region, whilst also providing a platform for capacity building and drawing quality presenters to the region.

'Our food and fibre means the world, to the world'

Program Overview:

Go to www.focusff.org for more topics.

Technical Industry Updates -

Choose your session: Livestock, Farming or Irrigation:

Livestock enterprises:

- GM comparisons - Holmes Sackett agricultural consultancy.
- Digital management tools – Peter Scott, Manager of Education and Training at Queensland Agricultural Training College (QATC).

- The local cotton supply chain—Ben Suttor, Queensland Cotton.
- Siphon-less flood irrigation system— Rob Jakins, cotton farmer.
- Irrigation innovation – Glen Lyons, irrigation consultant.

Regenerative Agriculture:

Key management influences on regenerative grazing and farming systems.

Resilience of the Supply Chain Post Farm Gate:

Discussion Panel: Commodity purchasing representatives for beef, sheep, grain and cotton.

Featuring SHANE WEBCKE

Former Bronco & Australian rugby league test player. From the bush to the big city via Rugby League.

Be inspired as Shane talks about how he went from a bush kid to a rugby league star. How he has taken his work ethic from the footy field to his farm, managing a farm through drought and remaining grounded through it all.

Register online at www.focusff.org by the 28th July 2019.
