# THE SKY'S THE LIMIT!

AUSTRALIA'S ONLY REMOTE UAV EVENT IS BACK

Outback Aerodrone Symposium 2019 will be held once again in Barcardine, Queensland, from 21-23 September 2019.

The Symposium is a great opportunity to promote the diverse applications of UAV and data technologies in remote and rural regions, as well as demonstrate Central West Queensland's drone requirements and capabilities to key players in the UAV industry.

## THE 2019 PROGRAM WILL FOCUS ON:

**Learn, work, play**

**Drones and agriculture**

**Applications for government**

**Disaster management**
