

## Productive and persistent legume pastures

Best management practice for legume establishment

**Free workshop!**

### When?

Thursday, 25<sup>th</sup> of July  
8am - 5pm

### Where?

'Gibson' Banana  
Mud map provided upon RSVP

### What do I need?

BYO camp chair

Smokos and lunch provided. Workshop notes and activity sheets provided.

## Learn about the latest legume research for sown pastures

- Reliable techniques to successfully establish legumes into existing sown pastures.
  - How to select the right legume for your situation.
  - Tips for managing legume-grass pastures for long term productivity.
    - Develop a legume establishment action plan

There will be an opportunity for producers to be involved in on-farm legume establishment demonstrations after the workshop. Expressions of interest will be taken during the workshop and producers who participate will receive technical support for a new sowing.

**RSVP by 5:00pm Thursday, 18<sup>th</sup> of July**

Spaces are limited due to the workshop being held on property.
