

Spreader bank - 'Sunset' Charleville 2020

# REHYDRATING YOUR LANDSCAPE

Join us to hear from Ray Thompson, an expert in waterponing and spreader banks, as he presents techniques that rehabilitate soils and restore productive value. The day will include:

- A presentation of research and development into rehabilitation techniques
- A demonstration of laser survey equipment use for ponds or banks
- How to monitor for progress over time
- Experience sharing - what's working well or not, for different land types

## LOCATIONS

- **Augathella - Booka Station** - Monday 17th February 10:30 am - 3:30 pm
- **Quilpie - The Lake** - Wednesday 19th February 10:30am - 3:30pm
