

# WORKING WITH CLIMATE

Join us to hear from Dr Chelsea Jarvis from USQ's Centre for Applied Climate Sciences about seasonal forecasts and utilising the latest climate tools and technology available. This workshop is interactive - attendees should bring their laptops, iPads or tablets so they can log in and start using the tools straight away.

## Key learnings will include:

- The latest developments in seasonal climate forecasting and how they apply to your region
- Key climate drivers for northern Australia
- Find, use and assess relevant climate tools such as seasonal forecasts
- Emerging weed threats and where to look for them in the landscape

**WHEN:** Tuesday 10th March 2020 from 6pm - 8pm

**WHERE:** Charleville RSL Club (Hot nibbles provided.)

**BRING:** Laptop, iPad/tablet for interactive session using tools

**RSVP:** Allison Thompson via [allison.thompson@sqlandscapes.org.au](mailto:allison.thompson@sqlandscapes.org.au) or (07) 4656 8500 by Thursday 5th March 2020.

*This event is hosted by Southern Queensland Landscapes with funding from the Queensland Government's Natural Resource Investment Program (NRIP) and support from the National Australia Climate Program.*
