

Herd Health and Soil, a Pairing you Can't Ignore

Workshop with Gary Morrison - Senior Nutritionist at Stocklick Trading

10 November

9:00am - 4:00pm

Mountain View

Dalmally Rd
Springsure

Morning tea, lunch and afternoon tea provided. Please bring a hat, water bottle, chair, notepad and soil and dung sample from your property.

Have you ever wondered about the phrase “it starts from the ground up”? If so, this is the workshop for you!

Have you ever considered how your soil could be affecting your herds' nutrition? Nutrient deficiencies in the herd can be directly related to soil health and land managers have the power to create the results they want to see.

This hands-on workshop will give attendees the opportunity to gain valuable knowledge and practical skills.

Guest Presenter

Gary Morrison - Stocklick Trading

Senior Nutritionist Gary Morrison has over 42 years' experience in the field of animal nutrition in Queensland.

Limited spaces available!

RSVP by 7 November
