

Building Business Resilience

A guide to the Farm Business Resilience Program

This information session will cover:

- The new Farm Business Resilience Program
- What you need to know to write a farm business resilience plan
- Grants and loans available through QRIDA under the new drought policy
- Biosecurity update

Catch up with fellow graziers in your area, share ideas and discover ways to improve the resilience of your grazing enterprise.

Representatives from:

- Department of Agriculture and Fisheries
- Queensland Rural and Industry Development Authority
- Rural Solutions Queensland
- Biosecurity Queensland

will be running the sessions with representatives from Rural Financial Counselling Service Southern Queensland and SQNNSW Innovation Hub available to answer questions.
