

HGP products registered for use in Australia (2023)

Label Name	Hormone Formulation (mg per implant)	Implant type	Label suggested use in
Component G	Trenbolone acetate (60) oestradiol (12)	Compressed pellet	Steers & Heifers
Component H	Testosterone propionate (200) oestradiol benzoate (20)	Compressed pellet	Heifers
Component H with Tylan**	Tylosin tartrate (29) testosterone propionate (200) oestradiol benzoate (20)	Compressed pellet	Heifers
Component S	Oestradiol benzoate (20) progesterone (200)	Compressed pellet	Steers
Component S with Tylan	Tylosin tartrate (29) oestradiol benzoate (20) progesterone (200)	Compressed pellet	Steers
Component TE-200	Trenbolone acetate (200) oestradiol (20)	Compressed pellet	Steers and heifers
Component TE-200 with Tylan	Tylosin tartrate (29) trenbolone acetate (200) oestradiol (20)	Compressed pellet	Steers and heifers
Component TE-S	Trenbolone acetate (140) oestradiol (28)	Compressed pellet	Steers
Component TE-S with Tylan	Tylosin tartrate (29) trenbolone acetate (140) oestradiol (28)	Compressed pellet	Steers
Compudose 100	Oestradiol 17 β (21.1)	Silicone rubber	Steers and heifers
Compudose 200	Oestradiol 17 β (25.7)	Silicone rubber	Steers and spay heifers
Compudose 400	Oestradiol 17 β (43.9)	Silicone rubber	Steers and spay heifers
Compudose G with Tylan	Tylosin tartrate (29) trenbolone acetate (60) oestradiol (12)	Compressed pellet	Steers and heifers
Ralgro	Zeranol (36)	Compressed pellet	Steers
Revalor 400	Trenbolone acetate (60) oestradiol 17 β (12)	Compressed pellet	Steers and heifers (grassfed)
Revalor Flex	Trenbolone acetate (80) oestradiol 17 β (16)	Compressed pellet	Non-breeding animals
Revalor H	Trenbolone acetate (200) oestradiol 17 β (20)	Compressed pellet	Heifers
Revalor S	Trenbolone acetate (140) oestradiol 17 β (28)	Compressed pellet	Steers
Revalor XR	Trenbolone acetate (200) oestradiol benzoate (20)	Compressed pellet	Steers and heifers
Synovex	Trenbolone acetate (200) oestradiol benzoate (28)	Compressed pellet	Steers and heifers
Synovex C	Oestradiol benzoate (10) progesterone (100)	Compressed pellet	Calves
Synovex H	Testosterone propionate (200) oestradiol benzoate (20)	Compressed pellet	Heifers
Synovex S	Oestradiol benzoate (20) progesterone (200)	Compressed pellet	Steers

** Tylosin tartrate is an antibacterial agent which minimises abscesses and ruptures of the implant site
