

Grazing Business Resilience Workshops

How resilient is your business during tough times?

Join the Beef Extension team from the Department of Agriculture and Fisheries to discuss current programs and assistance to help improve your grazing business management through drought and tough times.

Topics will include:

- **Developing a Farm Business Resilience Plan to apply for drought assistance grants and loans**
- **Grants and loans currently available through QRIDA**
- **Rural Financial Counselling Service assistance**
- **GRASS program and land condition improvement**
- **Soil conservation fundamentals**
- **DAF Pasture Resilience Program update**

John Day – DAF Soil Conservation Officer will be available to assist with erosion and other soil related enquiries.

Morning tea and lunch will be provided – Please advise of any dietary requirements.

GrazingFutures Livestock Business Resilience improves drought preparedness and viability of Queensland livestock producers and is jointly funded by the Australian Government's Future Drought Fund and the Queensland Government's Drought and Climate Adaptation Program.
