

## Legumes for profitable pastures

Join us for a *free* interactive sown pasture workshop customised to the Tablelands region.

### Hear from DAFs Sown Pastures Team:

- Kendrick Cox: Principal Sown Pasture Scientist
- Craig Lemin: Pasture Research Officer
- Bernie English: Senior Beef Extension Officer

### Topics covered on the day:

- Benefits of legume-grass pastures and nutritional advantages
- Local examples of live weight gain data and trial site results
- Planning, timelines and considerations for establishing successful sown pastures and legumes
- Paddock and species selection for your property
- Managing establishment challenges and long term pasture management
- Fertiliser, correct seed storage and inoculum usage
- Seed bed preparation, sowing and planting methods

**Opportunity for one-on-one assistance and soil testing post workshop to help you implement sown pastures on property. Morning tea and lunch provided. Workshop numbers are limited.**

### Date

17<sup>th</sup> July 2024

### Time

8.30am – 2.30pm

Tea and coffee available from 8.15am
