

# Farm Business Resilience Program

Free workshop

**Building your business & infrastructure capacity for managing drought**

## Rain, hail, or shine

**Improve your capacity to manage drought and climate risks.**

The Department of Agriculture and Fisheries Queensland (DAF), invite you to learn from the Northern Australia Climate Program (NACP), with speakers from the University of Southern Queensland (UniSQ) and the Bureau of Meteorology (BoM).

Topics include:

- Major climate drivers around the region.
- Where to find reliable and useful climate and weather information online.
- Incorporating seasonal outlooks and weather forecasts into on-property decision making.
- Interactive and practical planning session on the season ahead (next 3-months) using the NACP forecast planning calendar.

**Cost: Free**  
Morning tea & lunch provided.

9am Registration/Cuppa  
9:15am-2pm Workshop
