

Pigeonpea Field Walk

Join us at our pigeonpea trial site at Billa Billa to inspect our pigeonpea research trials.

Woods Seeds and QDPI, with investment from GRDC and the assistance of MCA, are conducting pigeonpea variety and agronomy trials at a joint site at Billa Billa.

Interested growers and agronomists can see pigeonpea in the field and understand the opportunities and issues with growing pigeonpea.

Our target is to build a new pigeonpea industry in Queensland, providing growers with a profitable new broadacre summer legume crop, and developing new export markets to Asia, building on the success of mungbean and chickpea.

A second field walk will be held at Condamine on Tuesday 11 March 2025, with details to follow.

Date:

Wed 19 Feb 2025

Time:

9.00am – 10.30am

Address:

**'Murra Cul Cul'
Corner Leichhardt
Hwy & Rockwood Rd
Billa Billa**
