

Grazing management Decision date 1

PROPERTY INFORMATION

PROPERTY NAME

MEDIAN ANNUAL RAINFAL

BREAK OF SEASON THRESHOLD

(eg. 50 mm of rain over 3 days between
1 September and 30 March)

DECISION DATE 1

WHAT DATE IS THE MIDDLE OF YOUR GROWING SEASON?

(eg. 30 January)

HAVE YOU RECEIVED THE BREAK OF SEASON THRESHOLD BY THE MIDDLE OF YOUR GROWING SEASON?

YES / NO

QUESTIONS TO ASK AT THIS TIME

Did you answer 'No' to receiving the Break of Season Threshold by the middle of your growing season?

If so, ask yourself if there will be enough time in terms of suitable growing conditions (daylight hours, ideal growing temperatures, soil moisture) to grow the 'average' quantity of feed? If not, start considering plans to offload animals in the year ahead if at capacity.
