EDGENetwork® – Nutrition EDGE

Nutrition as a business strategy

Rockhampton (28–30 March 2017)

Presented by Désirée Jackson

The Nutrition EDGE package is tailored for your conditions and enterprise management. It is designed to equip you to make decisions that ultimately help to achieve your herd performance targets through improved breeder fertility, weight gains, optimal use of supplements and overall management.

During the workshop you will:

- Better understand the nutritional requirements of your cattle
- Be able to estimate the feed value of pasture and estimate animal production
- Know what supplements to feed
- Understand a feed label / evaluate a lick
- Save money on supplementary and drought feeding
- Make better management decisions for a range of seasonal conditions

The workshop package includes:

- Three-day workshop (with field sessions)
- Set of comprehensive workshop notes and reference material
- Lunches, and morning and afternoon teas

The workshop uses an interactive style and builds on participants' knowledge and experience.
